

ETHICAL SOURCING AND SUSTAINABILITY POLICY

Procter Johnson is committed to sourcing raw materials which have been produced under conditions that do not involve exploitation either of people or the environment.

The company will strive to conduct business within the scope of the Ethical Trading Initiative Base Code covering

- Labour standards
- Environmental standards
- Business behaviour

This commitment forms part of the evaluation and selection criteria for all goods and services supplied to the company.

In order to achieve this Procter Johnson is certified to ISO 9001 and ISO14001. These are quality and environmental management systems which are independently audited by BSI.

The purpose of the policy is to:

Promote good labour and ethical standards throughout our supply chain.
Raise awareness of fair and ethical trading throughout the company and its suppliers.

Ensure that the environmental impact of its own operation and that of its suppliers is controlled and subject to a clearly defined process of continual improvement.
