

Certificate

EC Certificate of Factory Production Control

Certificate No. 0086 - CPD - 582453

In compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as later amended, it has been stated that the construction product

Pigments for the colouring of building materials based on cement and/or lime

Characterised as:

Single pigments, blends of pigments, blends of pigments and extenders, in powder form or aqueous preparations, intended for use in concrete, mortar and grout applications

Category A pigments only

Placed on the market by

P J Colours Limited

Excelsior Works, Castle Park, Flint, CH6 5NT, United Kingdom

And produced in the factory located at the same address

is submitted by the manufacturer to initial type testing of the products, a factory production control, and that the notified body BSI has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standard

EN 12878:2005

Pigments for the colouring of building materials based on cement and/or lime

were applied.

For and on behalf of BSI, a Notified Body for the above Directive, Notified Body Number 0086.

Gary Fenton, Global Assurance Director

Date 27 February 2012

This certificate first issued 27th February 2012

This certificate remains valid as long as the conditions laid down in the harmonised standard in reference or the manufacturing conditions in the factory or the factory product control itself are not modified significantly.
